PURPOSE AND SCOPE

Designed for attorneys practicing or developing a practice in entertainment law, this unique one-day program brings together a stellar faculty of media law practitioners from across the country. Leading experts will deliver detailed presentations on the music business today, intellectual property, malpractice prevention, and recording artist agreements. An added feature to this year's program are concurrent afternoon sessions offering you a range of subjects from which to choose - music publishing deals, artist management agreements, copyright law, and independent financing and distribution of motion pictures.

Come to hear the law . . . then stay to hear the music and see the talent! The seminar has been scheduled to coincide with a spectacular city-wide event: the annual South by Southwest Music and Media Conference (SXSW), featuring music industry panels and 450 talent showcases.
